**Tribals at Film City get electricity after  
66 years of Independence**

**Mumbai, Sunday:** “It is no doubt a sorry state of affairs when four tribal families of Mumbai; that too staying in the area of most glamorous part of city viz. Film City were staying in dark till today. I am overwhelmed while extending electricity to their homes”, said Shri Ram Naik, former petroleum Minister while inaugurating electric supply yesterday.

Boricha Pada, home of four tribal families since many generations is situated on the hill top of Dadasaheb Phalake Film City and is not even connected to the main road. The geographic isolation was more than enough for Maha Vitaran Board and Film City officials for the apathy towards these four families. These families were therefore deprived of electricity since independence. The local BJP activist Shri Subhash Upadhyay and resident Shri Mohan Gorat sought guidance of Shri Ram Naik and as a result yesterday the area was brought under electrification. The joyous mood touched many hearts and Shri Chandansinh Parmar, Vice President, BJP North West announced gift of a TV set to these families and Adv Kamlesh Yadav and Shri Rajkiran Salwe took the responsibility of conducting cultural centre for kids. Besides Shri Santosh Medhekar, General Secretary of BJP North West, many social activists of the vicinity viz. S/Shri Durgadas Bhakta, Anand Mane Sunil Misking, Jitendra Patil, Vijay Garude and others were present to witness the ceremony.
